2 ANALYSIS

*Enter a detailed analysis about the organization in question with respect to SAO criteria. Include links to information you deem relevant and a list of competitors. Please do **NOT** use a cut and paste of the entity profile or summary.*

Note: If a company itself does not meet our SAO definition but includes subsidiaries, include subsidiary information regarding value of the company -- if 10% of the value of the company comes from biotech, pharmaceutical products or medical devices, then the company may be a substantially affected organization. Please submit additional links or company value data.

3 IC RECOMMENDATION
